**Subject:** RE: Honolulu Rail Transit alignment near Airport - update on impacts to interstate airspace

Jodi,

Looks like next week could work for us. We could make it most anytime on either Monday or Wednesday next week. Would either of those days work for you?

Mark

Mark

I have another meeting already scheduled for 2:30 slot. Also would like to have others on FHWA staff involved. Can you give me a schedule of availability and I can cross-check and get back to you?

jodi

Aloha Jodi,

How about 2:30 PM today for a phone call?

Mark

Mark and Faith,

Would be interested in getting together with you both to get more details and discuss. Maybe a meeting or conf call?

Jodi

**Subject:** Honolulu Rail Transit alignment near Airport - update on impacts to interstate airspace

Jodi,

I would like to give you an update on the latest alignment for the Honolulu Rail Transit project near the Airport. You may be aware HDOT-A requested we completely avoid Airport property near the new Mauka terminal. As a result, the current rail alignment swings wide and goes above and over the eastbound lanes of H-1 near the Airport. The relevant page of the plan set is attached for your information. There have been no other changes to impacts to interstate airspace since I last updated you earlier this year. Please let Faith or me know if you have any thoughts or concerns.

Thanks,  
Mark
